

a typeface from Galaxy Worx

The Nviray font is copyright 1991 by Galaxy Worx, all rights reserved. This font was inspired by F. Scott Garland's Enviro© typeface.

The typeface is made up of the full character (lower case consist of caps at 80 percent scale) set along with punctuation and numbers. The font contains many kerning pairs but updates will be forthcoming with more kerning pairs. The font has a hand-lettered look similar to an architect lettering, but with more flair.

Nviray is shareware if you like it and have a use for it please forward \$4.50 to:
