<http://order.kagi.com/?5ZU>

Current users of PDFpen 1.X upgrade to PDFpen 2.X for free.

PDFpen users may upgrade to PDFpenPro for US \$45 using the **Upgrade to PDFpenPro...** menu item in the **PDFpen** menu.

How do I install PDFpen/Pro?

Simply drag PDFpen/Pro from its disk image to your Applications folder, or wherever you prefer to put your applications.

Where can I get help with PDFpen/Pro?

PDFpen ships with extensive online help. Select **PDFpen/Pro Help (Help Viewer)** from the **Help** menu of **PDFpen/Pro** to view the help with Apple's Help Viewer application, or select **PDFpen/Pro Help (Web Browser)** to view the PDFpen help in your default web browser.

How do I get started with scripting PDFpen (via AppleScript)?

The example scripts are found in:
~/Library/Application Support/PDFpen/Scripts

(note: the ~ above represents the Home button in the Finder)

More information on using AppleScript with PDFpen is available in PDFpen's online help (see above).

How do I uninstall PDFpen/Pro?

Drag the PDFpen/Pro application icon to the Trash.

For complete removal, also move this folder to the Trash:
~/Library/Application Support/PDFpen

(note: the ~ above represents the Home button in the Finder)

PDFpen and PDFpenPro are produced by:

SmileOnMyMac, LLC
