WINDOWS XP - PRODUCT COMPATIBILITY

Windows XP compatibility with Olympus digital products is supplied below by model. This information will be updated as additional testing is completed.

Digital Cameras

Model	Port Connection	Remarks
Brio D-100/230 Brio D-150 Zoom D-370 D-510 Zoom D-40 Zoom C-700 Ultra Zoom C-2040/C-3020/C-3040/C-4040 Zoom E-100RS E-10/20N	Auto Connect USB	<p>(*1) Windows XP is supported with Camedia Master 2.51 ONLY. Camedia Master update patch (CM251 Update.exe) is used to update Camedia Master 2.5 (which must be preinstalled before running update patch). This file can be downloaded at http://www.olympusamerica.com/files/CM251_Update.exe.</p> <p>(*2) Camedia Master 2.0 or 2.5 (included with camera) is functional but may experience some minor incompatibilities such as 1) An application error can be caused when selecting multiple thumbnails by holding down the Ctrl key. 2) Camedia closes automatically after selecting thumbnails and attempting to drag and drop to another folder.</p> <p>(*3) These cameras are designed under USB Storage-class specification. Camera driver is automatically installed using native Win XP drivers. All Auto Connect USB cameras create a "Removable Disk Drive" which can be accessed using Windows Explorer. Use of the Camedia Master software is not required to download pictures from the camera.</p>
