Editing Notes

To edit a Post This note, click on the yellow note button. A small yellow note window will appear. You can enter text in the note area. When done, press OK to save the new note or Cancel to abandon it. You can enter more text than will fit in the window; use the arrow keys to scroll it into view.

Note: Notes with text in them will appear differently in the title bars.

Note: There is a limit of about 40K total for all Post This notes.
