

Customize Toolbar Dialog Box

Adds, removes, and rearranges buttons on the toolbars.

Available Buttons List

Displays the buttons that you can add to the toolbar in the active window.

Add Button

Moves the selected button in the *Available Buttons* list to the *Toolbar Buttons* list.

Remove Button

Moves the selected button in the *Toolbar Buttons* list to the *Available Buttons* list.

Toolbar Buttons List

Displays the buttons in the order they appear (from left to right) on the toolbar in the active window. The following buttons are available to change the order of the buttons on the toolbar:

- **Reset** - Restores the default set of buttons on the toolbar in the active window.
- **Move Up** - Moves the selected button up one line in the *Toolbar Buttons* list. On the toolbar, the buttons shifts left one space.
- **Move Down** - Moves the selected button down one line in the *Toolbar Buttons* list. On the toolbar, the button shifts right one space.
