Documentation for TIME.EXE

12175 08-17-91 18:19 ce94c86e MELTDOWN.AD

An add-on module for AfterDark for Windows. Copy it to your \AFTERDRK directory and access it through the AfterDark control panel.

11327 06-20-91 09:15 c68a1f4e VHOLD.AD

Another add-on module for AfterDark for Windows. Copy it to your \AFTERDRK directory and access through the AfterDark control panel.

Installation

The utilities may be installed by copying all of the above files to a directory included in the PATH variable on your machine (except for the two AfterDark modules, which should be copied to your AfterDark directory, usually \AFTERDRK). The files are all independent and may be copied selectively with the exception of MATCH.EXE and MATCH.HLP, which should be copied as a pair. The documentation files (*.WRI) are not required for operation.

Registration

The entire set of programs and documentation is Copyright 1991 by Barry Press, and are being released as shareware. If you use any of the utilities in the collection beyond a two week evaluation period, you are obligated to send \$20.00 (U.S. funds; cash, check, or money order) to Barry Press, 4201 Empress Avenue, Encino, CA 91436-3504. Registration licenses a specific user on as many machines as are used solely by that user, or licenses a specific machine (not network servers) for an unlimited number of users. You may copy this software (subject to the \$20.00 registration fee for each user or machine) freely as long as the entire collection is distributed without modification, including this file. Please accompany your registration with the following form so I can contact you regarding updates.

Preferred	Disk	Size:	

Registration entitles you to notification of updates to the software plus a copy of the next utility added to the collection. (Currently under development, it will allow icon buttons to be located on screen which, when pressed, will launch a specified DOS or Windows program. Multiple on-screen buttons will be supported at the same time.)

Source Code Availability

Registered users may, for an additional \$75.00 (U.S. funds), purchase a complete copy of the source code and related files for the entire set of utilities. The source has been developed with the Microsoft 6.00a C compiler and Windows SDK. The source code, although it remains the copyrighted property of Barry Press, may be included by purchasers in other derivative programs which are distributed or sold as long as the copyrighted source code is itself neither given away nor sold, and as long as the notice that portions are copyrighted by Barry Press appears clearly in the product.

No warranties are expressed or implied for this software, including merchantability or suitability for a particular purpose. No responsibility will be assumed by the author for any loss or damage due to its use.
