Chapter 1

SwazBlanker/Swarmer

1.1 Swarmer (22.8.95)

```
SWAZBLANKER : Swarmer
=====
```

```
(C) 1992,93,94 David Swasbrook,
    All Rights Reserved.
```

```
Introduction          What it actually does
Interface             Configuration preferences
History              Bug fixes and updates
```

1.2 What it actually does...

```
Introduction
=====
```

```
This blanker blanks the screen.
```

1.3 Configuration preferences...

```
Interface
=====
```

```
Save - save and use the current settings.
Use - use the current settings.
Test - test the blanker under the current settings
Cancel - cancel all changes.
```

Number (Bees) - number of bees in the swarm.
Default: 20.

Acceleration (Bees) - how fast the bees accelerate.
Default: 1.

Number (Wasps) - number of wasps being chased by the bees.
Default: 3.

Acceleration (Wasps) - how fast the wasps accelerate.
Default: 1.

Speed - how fast the bees and wasps move. Low values are slow,
high values are faster.
Default: 5.

Aim Bees at Wasps - if set the the bees will target onto the nearest wasp.
Default: Yes.

Display Mode - the screen mode to use. If the preferred screen cannot
be opened then the default screen mode will be tried, if
this fails then the minimum screen mode required for this
blanker will be tried, if that fails then the blanker will
quit and let SwazBlanker choose an alternative blank
method.
Default: High-Resolution Laced, 4 Colors.

1.4 Bug fixes and updates...
