Dear Allen

I have been greatly amazed by the discovery to me of Mr. Gualstone's real character, as I saw it at the museum - its intense simplicity and earnestness lay open to everyone's view - but of misinterpretation - being unbelievable unless one saw him

- I must cancel all the attacks on him in Fas. Send me the number with it, and I will recast it at once and do it in my original

I am now finishing ^{and} the Fa book of all. - it will cost me a little trouble if you tell me what I have already directed to be done about the plates

Ever affectedly
Yrs
