OVERVIEW

This is the first line of the overview topic in the help demo database. The previous line did not have any <u>link</u>, while this one does.

Press the Enter key to view the link topic help page.

LINK

Welcome to the link help page, since this is a demo help database, we know that you arrived to this page from the <u>overview</u> page,
by pressing the link hot-link. In this page we will demonstrate the ability to include 2 different names (or more) that will take us to the same link.

Example :

Related Topics : <u>Topic</u>
<u>General</u>

TOPIC

Well.. it seems as if you succeeded to reach this point by yourself, this is the last (3rd) page of the HELPDEMO help database. From this help page you can go to the <u>previous</u> help page, or to the <u>entry</u> help page.

Have fun using the help compiler and help engine ..
