

NY/NJ/CT ZIP CODES

This file includes zip codes for The Tri-state Area in *Excel* 4.0 Format. Searches may be performed for either city or zip code by using *Excel's* database *find* commands (consult *Excel's* user's manual or on-line help for further information about this command).

This file may be freely distributed provided this accompanying *readme* file is included.

It took some time to assemble this file and any thing you send me in consideration (including any corrections) would be appreciated. Please forward to:
