Volume 1 Deluxe Edition

The first release from Claudia Twede is still a winner. Over 150 high quality, sizable images of the four seasons are perfect for your projects. **Full color** and b&w.

Create wood patterns on your computer screen and print them out any size you want. Make tee-shirt images that you transfer yourself in full color. With your color printer, you can produce custom greeting cards and announcements. Now includes more Windows PC & Mac file formats: pct, bmp, pcx, tif, wmf and jpg. Smaller sized files are also included that are even easier for the beginner to use. On dual format CD. **#39701**

Yolume 2 Deluxe Edition This disc features artwork for

special occasions and holidays. Everything needed to create custom calendars, picture frames, announcements, woodcrafts and much more. Your imagination is the only limit. Use these images as electronic stamps, only you make them the size that you want. No more trips to the copier, cutting and pasting things together. Compose your pages on the screen and only print when it's right. Over 180 adorable, sizable images make your projects look great! In b&w and full color. Pct, bmp, pcx, tif, wmf and jpg formats.

Windows PC & Mac dual format CD. #39702

Yolume 2 Deluxe Edition

The latest release from Claudia Twede is Borders! These sizable borders are just the thing for scrapbook pages, greeting cards, or whatever. With your scanner or digital camera, you can produce custom scrapbook pages and then print as many copies as you like. Over 100 to choose from in b&w and **full color**. Pct, bmp, pcx, tif, wmf and jpg formats for Windows PC and Mac ensure that you'll be able to use them with your favorite program. Also includes smaller sized files that are even easier for new computer users. **#39703**

You can start the quick and easy way by simply opening a finished template, add your scans or digital photos, and then print it out. That's it! You can print out extras for family and friends to share. Feeling a little overwhelmed? You can print out a finished template and then glue your cropped photos right on top of it, just like using a background paper!

Feeling adventurous? Use your favorite graphic's program to layout your own masterpiece using our collection of clip art and page parts. We recommend using a layout program like Print Shop™, Print Master™, or Adobe Elements™.

All the images come in jpeg format, the standard in graphics file formats. This means that ZipArt[™] Scrapbook Disk #1 will work with your computer. Mac users will be happy to know that this disk works for them, too! You can literally create hundreds of different combinations to get just the right look. See just how fun and easy making pages on your computer can be. All it takes is ZipArt[™] and your imagination. PC and Mac compatible.
