In an age long passed, a band of extraordinary heroes embarked on an epic journey to free Norrath from the clutches of a shrouded threat. Their everlasting quest would take them to the far reaches of the globe, delving deep into the most dangerous dungeons and undertaking many daunting trials. This was the Shadow Odyssey, and the heroes were known as the Ethernauts. In their time, this epic quest came to an end, and Norrath was saved. But now ... history is repeating. It is time for a new generation of Ethernauts to retrace the steps of their honored predecessors through the ruined, rancorous and twisting regions of Norrath to rid the world of the invading scourge and destroy the renewed evil of the Shadowmen.
