Product Information	<p>In ancient times, mysterious artifacts referred to as Remnants were discovered all over the world. People used these objects for their awesome powers—a choice that eventually began to cause a rift in the world's balance. Equality was replaced by those who ruled and those who were ruled over. War was inevitable. A thousand years later is when this story begins...</p> <p>A brand-new RPG created using the best artistry and technology Square Enix has to offer, scheduled for simultaneous release in Japan, North America, and Europe.</p>		
Features	A next-generation battle system emerges for a next-generation world. Players are surrounded by countless foes and friends on a massive battlefield. While hordes of monsters may intimidate, your compatriots are there to back you up in ever-changing battles, controlled via a never-before-seen battle command system. Groundbreaking graphics only possible on Xbox 360 bring the intensity to a whole new level.		
Developer Information	Created by the team that brought you the FINAL FANTASY and SaGa series, THE LAST REMNANT is poised to become the next blockbuster Square Enix franchise.
