Deep Silver publishes X³: Terran Conflict

Egosoft and Koch Media announce the sequel to X³

Computer games developer Egosoft and Koch Media, a leading distributor of games and application software, today announced the conclusion of an exclusive publishing and distribution agreement for the title **X³: Terran Conflict**. The contract covers the worldwide rights (excl. USA, Canada, Mexico and the Caribbean). **X³: Terran Conflict** will be released under the Deep Silver label.

"The X series has always been one of our top quality brands, and an integral part of the Deep Silver portfolio," states Dr. Klemens Kundratitz, Managing Director of Koch Media. "So we are very happy to be presenting the gripping next installment of the X universe's story in **X³: Terran Conflict**."

"We look forward to adding another successful chapter to the X story, together with Koch Media," says Bernd Lehahn, Managing Director of Egosoft.

X³: Terran Conflict is a brand new, stand-alone game set in the universe of X³. It is the culmination of the X trilogy, with a grand finale that takes us all the way back to Earth's own solar system. Gamers can take on the roles of different characters in the X universe, or of a Terran military pilot, and experience a multitude of stories in the largest X universe ever featured – for **X³: Terran Conflict** will offer more missions than any other X game before. Meanwhile, **X³: Terran Conflict** will pose questions such as: How has Earth changed in all these years? And how will relations between Earth and its counterparts in the X universe develop?

X³: Terran Conflict is scheduled for release in the third quarter of 2008.

About DEEP SILVER
