

## GET READY TO WHEEL AND DEAL !

ECTS 99, Sept 5<sup>th</sup>: Leading entertainment software publisher, Hasbro Interactive is proud to announce the launch of two new interactive takes on its most popular board game of all time with the New Edition of Monopoly and Junior Monopoly for PC CD ROM. Since 1935 the Monopoly board game has been enjoyed by over 500 million players with an estimated five billion little green houses being built since the first role of a dice.

Both new additions to Monopoly's best-selling portfolio offer players the chance to literally take a trip down the old Kent Road to enjoy the ultimate way to play the fantasy of wealth and success within the thrill of the 3D environment of their own PC. Featuring enhanced graphics, original music scores and effects players are drawn into a brand new and exciting dimension of traditional board game play.

### **Monopoly *New Edition***

The world's most popular board game in the world just got better. The New Edition of Monopoly offers newly designed graphics and expanded features that bring the property game to life quite literally. Now players can customise the board to their own town or city and take the fast-paced world of buying and selling to their own neighbourhood!

If players find this all a bit too close to home, they can opt to join Mr Monopoly through a choice of World Boards (New York, Paris, and Australia). Whatever the location, players will have great fun watching their tokens hop, skip and dance around the board coming to life with state-of-the-art 3D graphics and 16 bit digital sound. And with internet gameplay capability, players can enjoy the boom and bust of the property market with up to six other players and if some tactical practise is called for the single player option will allow them to wheel and deal with their own PC.

Monopoly *New Edition* on CDROM is guaranteed great fun for all the family and suitable for children from aged eight upwards.

### **Monopoly Junior**

Get ready to have the ride of your life! With over seven million traditional board games sold to date, new Monopoly Junior on PC CDROM brings the kid's version of the top selling adult board

game to live. Set in a fun filled 3D amusement park with absorbing game play, Monopoly Junior is a great way for children to be introduced to Monopoly for the first time.

Brilliantly animated Mr Monopoly, with his niece and nephew Sandy and Andy travel through the exciting and colourful animated 3-D amusement park with stalls, fantasy buildings and rides. Players move around the park setting up ticket booths, which will collect fees from other players who are unfortunate enough to land on your rides.

Players must be prepared for anything! Get sent to one of many crazy amusements with the Chance Card and play a mystery mini game on that ride. With eight activities to choose from including Bumper cars, Merry-go-round, Roller Coaster, Miniature Golf, Haunted House and Ferris Wheel, players can enjoy the thrill of not knowing quite where they end up next!

With solo play and 2-4 players, kids aged 4-7 can enjoy the unique amusement park setting and fun educational features at any time.
