How to Play Emlith

Mouse

You can click the left mouse button on the falling lith to rotate it. By clicking to the right or the left of the lith, you can move it from side to side. You can also use the right mouse button to drop the lith into place.

Keyboard

You can use the following keys on the number pad to control the position of the falling lith:
'6' or the right arrow will move the lith to the right
'4' or the left arrow will move the lith to the left
'8' or the up arrow will move the lith down
'2' or the down arrow will drop the lith
'5' will rotate the lith
Escape key will pause the game

You can also change the function of the up and down arrow keys as well as the space bar by selecting the 'Assign Keys' menu option.

When you complete an entire row, the row will disappear and you will earn points. The more rows you complete at the same time, the more points you will earn.

1 row = 1 point
2 rows =   5 points
3 rows = 10 points
4 rows = 20 points
5 rows = 50 points
6 rows = 100 points

[Option] Menu Commands

Play Mode...

In this option, you will select playing mode and kinds of liths.   There are five options as followings.

Size 4   All the liths will be made up of four blocks.

Size 5   All the liths will be made up of five blocks.

All Liths   Will randomly select from all sixty possible lith shapes.

Challenge   The game will progress with different liths as you complete stages.

Selected Liths   Randomly chooses liths from the ones selected with the [Select...] button.   (See also Select Liths)

Items...

Lets you select items (Bomb or Oil) to drop during the game.

Bomb   If a bomb drops, the blocks around the bomb will explode.

Oil   If oil drops, the blocks where the oil drops will be slippery, and all the blocks in the air in this row will slip downward.

Frame Width...

Lets you change the width of your playing area except in challenge mode.

Assign Keys...

Lets you change the functionality of the up arrow, the down arrow, and the space bar.

Settings...

Change the settings on the screen as followings:

Background   Lets you select the background color of your playing area.

Sound   Enables/Disables sound during the game.

Vertical Lines   Displays vertical lines across the playing area.

Monochrome   Sets the game colors so they will be usable on a monochrome monitor.

Save Size when Exiting   When this is checked, the size and the location of the window will be saved when you exit the game.

Rotation Direction

Lets you change the direction of the rotation.

Default Size

Change the window to the default size.

Select Liths

You can select liths from the total of sixty kinds of liths.   Left click on the lith to select so that a frame around the lith will appear.   Left click again on the lith to cancel.

How to Register

Request for Registration

If you decide to continue to play the game, please register your name to this shareware. Your contributions will be used to make better software.   Foreign registration is welcome.

The registration fee

The registration fee depends on whether you would like to have a floppy disk containing the newest version of Emlith and other EmSoft Windows game programs.

In the U.S. or Canada or by CompuServe Shareware Registration Service:

US$10.00 (registration only) or US$15.00 (with a floppy disk)

In the U.K. or Scandanavia:

£8.00 Sterling (registration only) or £12.00 Sterling (with a floppy disk)

In the rest of Europe:

DM20,00 (registration only) or DM30,00 (with a floppy disk)

In Japan:

1,200 yen (registration only) or 1,800 yen (with a floppy disk)

How to register

If you have a CompuServe ID: You can use the Shareware Registration Service in CompuServe by "**GO SWREG**".   The registration ID for Emlith is 523.   If you use this service, CompuServe will notify me that you have used the service, and I will soon e-mail you the registration information.   However, a floppy disk cannot be ordered through CompuServe because the newer version is always available in the WINADV library (GO WINADV).

If you do not have a CompuServe ID: Print and fill out the Registration Request Rorm.   If you would like to have a floppy disk containing the latest versions of Emlith and other EmSoft Windows game programs, please specify so in the registration form.   Please see the instruction below depending on where you live:

In the U.S. or Canada: Please make out a check or money order for US$10.00 (or US$15.00 if you would like a floppy disk) to Yutaka Emura and send it to the following address with the registration form.   A check or money order is acceptable if it can be cashed through a U.S. bank.

In the U.K. or Scandanavia: Please send the registration form with a check or money order for £8.00 Sterling (or £12.00 Sterling if you would like to have a floppy disk) to:

Hillfoots Data Services,
Mains House,
Tillicoultry,
Clackmannanshire,
FK13 6PQ.
U.K.

In the rest of Europe: Please send the registration form with a check or money order for DM20,00 (or DM30,00 if you would like to have a floppy disk) to:

Credit Suisse,
CH-3800 Interlaken,
Switzerland,
0367-206054-50,
Abegglen Heinz.

In Japan: If you are a credit member of NIFTY-Serve, you can register by using the shareware registration service by GO SWSOKIN.   If not, please look at Japanese version of Emlith Help for the detail.
