Chase

Background

Lights…Camera…. Action…

Chase places players in the exciting world of Hollywood movie stunt car action. With four unique movie sets and a variety of vehicles unlike any other game, *Chase* promises heart-pounding action and spectacular movie-style special effects. Players will have to hit their marks as they attempt jumps, smash through props and race through the set in order to please the director before moving onto the next action packed stunt.

In the game, players will take the role of Chase Corrada, a young sexy stuntwoman, who is starting her promising career as a movie stunt driver. Chase will take players through four unique movie sets including a gangster movie setting, a post-apocalyptic movie set and more. Players will not only drive traditional four wheeled vehicles, but will also have motorcycles, a three wheeled Ramen delivery Tuk-Tuk and a large missile truck at their disposal.
