Interactive entertainment's greatest action hero is back and tougher than ever in **Indiana Jones and the Emperor's Tomb**. In his boldest adventure yet, Indy returns to face an old nemesis, the evil Nazis, who he must once again outwit and out-race in an epic, globe spanning quest for the mysterious "Heart of the Dragon." The game will utilize proprietary engine technology from the development studio The Collective, bringing to the Indiana Jones game series a dynamic new level of fighting action and adventure.
