GAME OVERVIEW:

LEGO® Battles is the latest game from the award-winning team behind **LEGO® Batman™: The Videogame** and **LEGO® Indiana Jones™**. With trademark LEGO fun and charm, **LEGO® Battles** combines three classic LEGO themes to create a unique extension of the LEGO build-and-play experience that stays true to the customization and humour that are the foundation of LEGO videogames.

LEGO® Battles features elements of three popular LEGO toy themes: LEGO Space, LEGO Castle, and LEGO Pirates, offering a new kind of “build and battle” LEGO gameplay. Through six distinct story lines, players build their own LEGO bases and battle teams as they engage in 90 different levels. Players can then mix and match units to create the ultimate customized LEGO squad. **LEGO® Battles** is an action-packed adventure for young gamers where swordsmen clash with pirates and ninjas face off against alien spaceships with multiple opportunities for customization and un-lockable treasures. Players can also challenge friends on the battlefield in multiplayer mode through wireless DS multi-card play.
