

Fools Rush In Desktop Theme Version 1.0

DISCLAIMER

This software contains material reproduced from Columbia Pictures without the explicit permission of the authors or publishers. In result, this software is not sold or exchanged for any form of monetary or otherwise profitable gains. The author of this software bear no responsibility for copyright or its misuse in any way. Fools Rush In is a trademark of Columbia Pictures.

INSTALLATION

Glad that you have made it so far! To install the theme, proceed along the following steps.

1. Extract all the files in the archive to a temporary directory.
2. If you have Theme Installer installed on your system, simply use Explorer to browse to the temporary directory, right click on the Theme file and select Install Theme".
3. Otherwise, please make a directory named "Fools Rush In" in your Themes directory and copy all the files (except the Theme file) to that directory. Then, copy the Theme file to your Themes directory.
4. Open the Desktop Themes window in the Control Panel and select the "Fools Rush In".

CREDITS

Fools Rush In Theme was created by Angie Goh. All icons, cursors and animated cursors were created and adapted by me. All pictures are taken from the Internet. Start Windows sound was taken from Elvis Presley's album, Love Me Tender while the rest were taken from the Internet.
