FATHER TED DESKTOP THEME
DESKTOP THEME FOR WINDOWS 95

Created by beebfun
Version 1.0, May 998

Introduction

Father Ted Desktop Theme v1.0 is a Desktop Theme designed for Microsoft Plus! (or shareware equivalent). This theme includes special start-up and shutdown screens, BBC1 TV My Computer, beebfun Network Neighbour Hood logo and Recycle bin icons, animated cursors, themed wallpaper (24-bit colour) and some fun system sounds.   It also includes a Father Ted screensaver.

Requirements

The.zip file contains all that you will need to run this under Windows 95 (apart from Plus! that is).   A screen resolution of 800x600 pixels or higher with 24-bit colour is recommended to get the best quality.

Zip File Contents

```
File                            Description
------------------------------------------------------------------------
Father Ted Theme.theme          Configuration file for the Mr Bean Theme
Father Ted Theme.rtf            Installation Documentation (this file)

Logo.sys                        Startup image
Logow.sys                       Shutting down image
Logos.sys                       Turn off image

TED Arrow.cur                   Green 3D arrow cursor
TED Beam.cur                    Green 3D I-beam cursor

Father Ted Screensaver.scr      A bmp file mover
Father Ted.bmp                  A bmp file
-----------------------------------------------------------------------------
```

Installation

The following instructions relate to the .Zip file version.   If you have a file with .exe on the end,   just double-click on it to install.

1.   Unzip the archive to a temporary location with an unzip program that supports long filenames like WinZip. (Available from http://www.winzip.com/) You should now have one folder and the files listed above.
2.   Go to the root folder of your boot drive (usually c:\) and rename the file *logo.sys* to *logo.w95*. Next, move the file *logo.sys* from the temporary location to this folder.
3.   Go to your Windows folder (usually c:\windows) and rename the files *logow.sys* and *logos.sys* to *logow.w95* and *logos.w95*. Next, move the file *logow.sys* and logos.sys from the temporary location to this folder.
4.   Go to your Themes folder (usually c:\program files\plus!\themes\) and create a folder called "***Father Ted Theme***" (**Note:** *spelling is important*)
5.   Move the others files from your temporary folder to   your ***Father Ted Theme*** folder (usually c:\ program files\plus!\themes\Father Ted Theme\)
6.   Go to your ***Father Ted Theme*** folder (usually c:\program files\plus!\themes\ Father Ted Theme) and move the files (2) with the *.theme extension back up to your Themes folder (usually c:\program files\plus!\ themes\)
7.   Start up Microsoft !Plus and select ***Father Ted Theme*** click on "OK".
8.   If using Desktop Themes.exe (a shareware equivalent of Microsoft Plus!) double click on Desktop Themes.exe and select ***Father Ted Theme*** from the current settings drop down list. Click on Apply.
9.   If using Desktop Themes.exe double click on Desktop Themes.exe and select *Screens* from the menu bar.   Browse to locations of *logo.sys, logow.sys* and *logow.sys* (usually C:\) and set current settings to those locations. Click on Install and OK.

Screensaver

You should have the ***Father Ted.scr*** file in your C:\Windows directory (or whatever you called yours) together with a *.bmp file called ***Father Ted.bmp***.   If your Windows directory is named different from   WINDOWS then drag the files from the WINDOWS directory and drop them into your windows directory.

Here is how you set up the screensaver.

1. Right click on the Backdrop and click on properties.
2. In the Screen Saver drop box choose Father Ted.
3. Click on Settings
4. Click on Select a Bitmap
5. Scroll down until you see a file called Father Ted.bmp
6. Highlight it and click OK
7. Click on Preview (don't move the mouse)
8. You should see a picture of Father Ted bouncing across the screen

Distribution

This theme may be distributed freely so long as all files are kept together, no modifications are made and no money is ever charged for the theme in any form.

Disclaimer (Boring Bits..)

This theme is not endorsed by or in any way affiliated to Channel 4 of the writers/producers of *Father Ted*, and it is provided without warranty or guarantee of any kind whatsoever.   No liability is provided and non shall be assumed by the user and its use shall be entirely at the users risk.
