1.2 WB Pacman - Introduction

Introduction

=====

WB Pacman is e-mailware. That means that if you are using this software you at least send the author a e-mail that you are using his software and your opinion about it.

Author is NOT responsible for any damage (or damages !) attributed to WB Pacman. You are warned that you play WB Pacman at your own risk~!!!

1.3 WB Pacman - Author

Author
=====

Alias: Lukas Stehlik (Luky)
student with no money and A1230-III :-)

E-mail: luky-amiga@volny.cz

Suggestions, hints, etc. are welcome.

Address: Lukas Stehlik
Novomestska 1267
46401 Frydlant
Czech Republic

Postcard are welcome.

Home: <http://www.volny.cz/akf/>

Sites of our Amiga club.

You can download there the newest version of LukySoft games.

Sorry, but sites are only in czech.

1.4 WB Pacma - Thanks

Thanks to
=====

BETATESTERS :

- JACK (Jan Vonka) for his tips and invaluable assistance.
- WENDY (Vaclav Kalas) for his bug-reports.

FRIENDS :

- JAX (Miloslav Lesak) for his very useful tips.
- JERRY (Tomas Kucera) for Aminet publication.
- all Amiga users, programmers and hardware developers.

It would not have been possible without them !

1.5 WB Pacman - Installation

Installation
=====

- just copy the drawer "WBPacman" :-)
- don't rename files !

1.6 WB Pacman - Requirements

System Requirements
=====

system : Amiga OS 3.0 or better (OS 2.0 not tested)

processor : 68020 or better (tested with 68030 and 68040)

memory : 0,5 MB RAM free

software : FONTS: topaz.font (not important, in ROM)

1.7 WB Pacman - How to control

Controls
=====

arrows move
<F1> about
<P> pause
<ESC> exit the game

1.8 WB Pacman - Future

Future
=====

- WBPacman.catalog
- main menu
- more levels

1.9 WB Pacman - History

History
=====
