

Scene 1.2 The Cemetery

Scene 1A

Ninja runs out from the tunnel entrance, and skids to a halt, as he looks past the camera's point of view. He has seen something. The camera slowly dollies into the doorway, and he peers around the corner.

Scene 2

Scene 1B

The camera slowly dollies into the doorway, and he peers around the corner.

Scene 3

Close up of the ninja as he looks past the camera, then to the side, and suddenly runs out of view.

High camera position showing the doorway and the pillar to which the ninja is running. He slams his back against it, and chances a quick look around at the two head. It hasn't seen him. He then starts to make his dash for the second pillar.

Scene 4

Close view of the monster fighting himself. The head furthest away from the camera hits the nearer one, and the head goes down, toward us (the camera). As he looks up he sees the ninja and angrily screaming, points him out to the other head.

Scene 5

View of the ninja and the twohead readying themselves for the fight.
