

## Monastery Cut-scene (page 2)

Scene 3:

The Ninja falls toward a floating platform, lands gingerly on his feet. We see the demon lord in his throne, who leans forward, and points at the Ninja.

Scene 4:

A second camera takes over, and pans past the back of the demon Lords head. As it does so, he speaks, (with his mouth hidden) and issues a challenge to the Ninja, making a demon dragon appear on the platform with him.
