National League for Health Care New York, NY

Network Computing Manager 8/92 - Current

- Administer and support 150 node multi-server LAN using Microsoft LAN Manager 2.1 and Novell NetWare 3.11
- Maintain security systems for networks and data communications
- Assisted implementation of a \$7 million enterprise-wide downsizing effort to a LAN environment
- Managed implementation of premises wide 10baseT Ethernet cabling system and network installations
- Currently planning implementation of multi-site network using NetWare 4.0
- Co-investigator for NSF/NyserNet grant to become a node on the Internet
- Utilized Cabletron Network Management software (Lanview) to reduce network traffic by 31%
- Managed beta testing of Microsoft Windows NT, LAN Manager NT, DOS 6.0, and WordPerfect Office 4.0
- Streamlined system of computer systems & peripheral purchases resulting in a 27% reduction in capital costs
- Oversaw porting of Solomon Xenix based accounting system to a NetWare based system using Great Plains
- Developed data backup, security and disaster recover plans and procedures
- Managed porting of Wang Word Processing system to a NetWare based WordPerfect 5.1 system
- Drafted and designed corporate wide computing standards and conventions document
- Authored Information Systems Security Policies guide
- Developed corporate training programs for Windows, Word Perfect Office and MS-DOS
- Directed installation and setup of corporate wide office automation system utilizing WordPerfect Office 4.0
- Renegotiated contracts with systems vendors to achieve 23% savings in fixed costs
- Strategized offsite storage and disaster recovery plan, including hot-site use
- Managed design team for recharting of corporate accounting system
- Supervised all software development projects
- Directed the efforts of a 14 member staff

Montefiore Medical Center Bronx, NY 9/89 - 8/92

Local Area Network Administrator/Manager of End-User Computing

- Managed PC systems and Networks using all major PC packages
- Designed, programmed, documented and maintained medical databases in DataEase, dBASE and FoxPro
- Developed and taught courses in PC and LAN Operations, PC software, hardware and troubleshooting
- Planned and designed numerous Novell NetWare 2.15, 2.2 and 3.11 Networks including installations
- Designed 10Base5 (Thinnet) cabling scheme for hospital network location
- Evaluated, tested, recommended and procured network hardware, software and peripherals for 3 LAN's
- Trained end-users in all areas of the PC environment
- Developed virus awareness, detection and removal program, and security protocols
- Managed staff of 6

COPE Institute Brooklyn, NY 8/88 - 9/89

Computer Lab Manager and Instructor

- Managed student computer laboratory
- Developed and taught courses in COBOL, BASIC, BAL, JCL and Operating Systems
- Performed needs analysis for 50 node PC network
- Setup and configured 50 node networked PC lab using NetWare 2.15

Ben Rothke, CNE

Aleynu

St. Louis, MO 1/88 - 8/88

Systems Designer

- Designed, installed and maintained Macintosh system
- Trained staff and end-users in a Macintosh environment
- Designed, programmed, tested and documented student registration database

EDUCATION:

B.A., Education 1986 Aish HaTorah Jerusalem, Israel

Novell Certified NetWare Engineer (CNE) 1992

Novell Certified NetWare Instructor (CNI) - In progress

Microsoft LAN Manager Certified Professional - In progress

Industry seminars, exhibitions, conferences and symposiums 1988 - Current

PROFESSIONAL AFFILIATIONS:

Association for Computing Machinery (ACM)

NetWare Users International (NUI)

New York LAN Manager Users Group

CNE Professional Association (CNEPA)

New York DataEase Users Group

National Computer Security Association

Microcomputer Manager's Association

American Cryptogram Association

New York LAN Association (NYLANA)

PERSONAL:

U.S. Citizen - Born and raised in Los Angeles, California

FAA Certified Pilot

Translator of scholarly Aramaic works into English

Writer of technical articles for information systems publications

CompuServe ID: 74710,3325
