

- - -Win Exit V3.0- - -

Requirements:

- 1). Windows Version 3.1 or higher
- 2). The file VBRUN200.DLL, installed in your Windows\System directory (all Visual Basic programs require this, you may already have it and if you don't you will probably want / need it sooner or later).

Installation:

- 1). Make a new directory named "WinExit3" and copy WinExit3.EXE (and optionally WinExit3.wri to it) You may copy these files to your Windows directory if you wish.
- 2). Create a new program item (see your Windows documentation) for Win Exit 3.0.
- 3). If you want to start it each time you use Windows include it in the STARTUP group.

The files that are included in the package are as follows :

WinExit3.exe
WinExit3.wri.....This file.

Operation:

Once the program is loaded and on the screen just DOUBLE CLICK on the EXIT ICON on the bottom right side of your screen, you have 5 choices...

- 1) Exit Windows
- 2) Restart Windows
- 3) Reboot your computer
- 4) Cancel
- 5) Unload WinExit from memory

Also you have a choice to keep it always on top.

Have fun and Please Registered.....

Thank You

Check some of the other shareware program from G.L. Liadis Software:

WinClock (WinClock.Zip)
WinDial (WinDial.Zip)
Winloan (WinLoan.Zip)
WinTrash (WinTrash.Zip)
WViewer (Wviewer.zip)
WinWall (WinWall3.zip)

And many More.....

Coming Soon watch for our Win Games.....
