

Electric Lights
Copyright (C) 1992 Software in Motion

A Shareware Game for Microsoft Windows

OVERVIEW:

Electric Lights is a Shareware game that runs in Microsoft Windows 3.X. The game is played by placing colored pegs into a peg board that has a light behind it. Pegs are placed into the peg board while the light is off. Once a picture has been completed - the light can be turned on - bringing the picture to life!

AUDIENCE:

Electric Lights is a game for people of all ages who just like to have fun!

FEATURES:

Electric Lights allows you to:

- Save Electric Lights pictures to disk
- Recall previously saved Electric Lights files
- Get on line help
- Select program functions using graphic menu selections
- Use the right mouse button to change the active peg color

SYSTEM REQUIREMENTS:

- Microsoft Windows 3.X
- Mouse
- Color Monitor

REGISTRATION:

If you use and enjoy playing with Electric Lights please register your copy by filling out the Registration Form (REGISTER.TXT) and enclose a \$15.00 (US) check or money order made payable to:
