

DOE v.2.0 ... the long awaited sequel

By, Ross C. Goldstein

And now the sequel to the long awaited doe is finally here. .

New Features include:

- No Chnaging Of Default Beep
- The Long Awaited Super DOE!
- New 256 color graphics
- Automatic does Every 15 minutes
- And best of all this is FREEWARE

All you have to do in order to run DOE! is only three little things,
check to see if you have a sound card, and have the files

VBRUN300.DLL
THREED.VBX

Note:To see the Special Matt Groening Font you must install it using windows control panel fonts,
just go
to the directory, and select install.
