

DEER DRIVE

Deer Drive brings arcade-style multiplayer action hunting to the Wii™ for the first time.

With an intense one-player Challenge Mode, an exciting Party Mode for up to four players, and a new two-player simultaneous Competition Mode, Deer Drive for Wii is a completely remastered and expanded version of an original PC title that has won over 15 industry awards.

TITLE INFORMATION

Title: **Deer Drive**
 Publisher: **Mastiff**
 Developer: **Kouyusha/SCS**
 Platform: **Wii™**
 Release Date: **Fall 2008**
 Genre: **Hunting**

 Rating: **RP**

GAMEPLAY

- Pick-Up-And-Play action hunting: lock, load, and take down some bucks
- Scratch your trigger finger alone, or compete for the best set of antlers
- Have a wild hunting party of up to 4 players with extreme Party Mode

ANIMALS

- Scores of magnificent animals to shoot in 36+ stages
- Whitetail bucks and other animals will gallop, leap, and swerve to dodge your shots.
- Be careful not to shoot any does: ethical hunting is integral to game play
- Defend yourself from wolves, mountain lions, charging moose and bison, rampaging grizzlies, and more

FEATURES

- For 1-4 players
- Use Wii Remote™ or Wii Zapper™. Simple and intuitive to play either way.
- 36+ Stages
- Changing weather creates dynamic hunting conditions
- Varying difficulty levels provide challenges for casual and hard-core players alike
- Realistic animal models move at 60 fps and utilize rag-doll physics
