Adding the Mouser Index to Search

To be searchable, an index must be in the search list and it must be selected. When you add an index to the list, it is automatically selected.

To add the Mouser Electronics Index to the Search list:

1. Choose **Tools > Search > Indexes**.
2. Click **Add**.
3. Select, in the SUPPORT folder on the CD-ROM drive, the **M_INDEX.PDX** file.
4. Double-click the file name or click **Open**.
5. Click **OK**.

Help

Using Acrobat™ Search:

1. Click the Search Query button located in the toolbar above.
2. Type in a part number, description, keywords, or subject for a full-text search.

To view a document returned from the search:

1. Double-click a document that seems likely to contain the relevant information.
2. Use the Search buttons on the toolbar to view all the occurrences of matches for your query.

For additional help, click [here](#) to view Acrobat™ Search On-Line Guide.
