Company Profile

- *1 October, 1983: Established as High Technology Software Research and Development Department of CSK. (Formerly called) CSK Research Institute Corporation (CRI)
- *1 February, 2002: Merged with former "Sega R&D AM2" game development department (a.k.a.: "AM2"), which had the best achievement in development in SEGA groups, as a part of Sega's strategic decision to make R&D (Research and Development) departments into subsidiaries. Currently based on the entertainment field, they are eagerly working on "research and development" of game software and of middleware technology, which specializes in movies and sounds.
- *1 August, 2001: Changed the company name at the same time as the release of a big title AM2-Main titles of their developing--<Hang On, After Burner, Virtua Racing, Virtua Fighter, etc.>
