About this patch…

This application will patch version 1.1.3 (only) of the PowerBar control panel and update it to version 1.1.4.   Version 1.1.4 fixes a few bugs.   No new features have been added.

You should make a backup copy of your current version of PowerBar before attempting to apply this patch.

This patch cannot work properly while virus detection software is running.   Please make sure that you have disabled any virus detectors before applying the patch.
