## Tides of Darkness

### Troll Saga

#### Part 2

After you killed Lothar, Doomhammer congratulates you on your victory. But soon after you kill Lothar a mighty threat looms toward the Horde. Uther Lightbringer has take over for Lothar and has made this promise, "I will destroy every single Orc in all the nations!" The first thing Lightbringer did was get revenge on the Blackrock Clan. He fought them right after the battle when Lothar was alive. Lightbringer slaughtered the outpost leaving only a few to survive. Doomhammer wants you to destory the outposts Findal and Hother near one of your Troll outposts by each. He thinks this will show that you can't counterstrike the Horde. Leave a few to survive because you will need to know where Lightbringer is because none defeat the Horde!!! Also rescue the skeletons near Hother, they will help you on your mission.
