ARCADE GAME

Turbo bonus

A Turbo will increase dramatically the power of your car during a maximum period of **8 seconds**.

There are 2 types of Turbo:

- One shot Turbo
- Reloadable Turbo

One shot Turbo:

It is activated by the + key of the numeric pad of your keyboard. Once activated, it cannot be deactivated. It burns all its energy and disappears.

Reloadable Turbo:

It is activated and deactivated by the + key of the numeric pad of your keyboard. During its inactivity period, it slowly reloads to its maximum value.

Credits

A Credit will give you another try when you did not pass one level.

You get one Credit when you have overpassed a number of cars equal to the double of the required overpassings in the current level, incremented by the level number.

You can only get one Credit per level and you cannot have more than 3 Credits available.
