About the Snapz Pro Installer

This installer creates a folder called "Snapz Pro $1.0.1\,\mathrm{f}$ " on your hard drive -- which contains documentation, release notes, and other important files for Snapz Pro -- and places the latest version of Snapz Pro $^{\mathrm{TM}}$ in your Control Panels folder.

Installing the Software

- If you are using any anti-virus utility other than Disinfectant $^{\text{\tiny M}}$, please turn it off before proceeding. Anti-virus utilities such as Virex $^{\text{\tiny M}}$ or SAM $^{\text{\tiny M}}$ tend to interfere with installers.
- Use the Drive button to select the disk where you would like to have the software installed.
- Click the Install button to begin the installation. The installer will place all files in a folder named "Snapz Pro 1.0.1 f" on the selected disk.
