

The NAUTILUS Net -- a bulletin board service dedicated to facilitating the distribution of software to NAUTILUS and subsequently to you -- is in place and is running. It is set at 9600-baud and supports 1.4k-baud. Data should be 8 bit, no parity, 1 stop bit.

800/531-LOAD -- that's the number you need to send your material to NAUTILUS.

Number for International customers/subscribers -- If you can't use the 800 number, use **313/416-5064**.
