What do all those funny words and symbols mean in the charts? Here is a description of each of the fields in the following spell charts:

When: **Camp** This spell can be cast in camp. **Combat** This spell can be cast in combat.
Encounter This spell can be cast during an encounter only.

Duration: • This spell is instantaneous or has some other affect that is not dependent on time.

X This spell has a duration that will increase by power level. i.e. 2x4 means the spell will last for 2 to 4 rounds per power level that it was cast at.

» This spell has a set duration and will not increase with additional power levels. i.e. 2»4 means the spell will last from 2 to 4 rounds only.

Target: The manner of area that the spell will affect.

Self: This spell affects the caster only.

Single Target: This spell affects a single target only.

Multi Target: This spell will affect one target per power level that it is cast.

Variable Area: This spell will affect an area that will grow in size as the power level increases.

Ray: This spell will affect all those in a path from the caster to the target.

Fixed Size: This spell will affect a fixed size area that will not vary with power level.

Party: This spell will affect the party as a whole.

All Enemy: This spell will affect all those NOT friendly to the caster.

All Friendly: This spell will affect all those friendly to the caster.

All Adjacent: This spell will affect all characters and monsters adjacent to the caster.

Special: This spell has a special area of affect.

Touch: The caster must be adjacent to his intended target.

Rotate: This spell has a shape that can be rotated to align to the casters wish. Hit the 'Return' key to rotate.

Range: This shows the range that the spell has in combat.

X-Power: This spell will increase in range for every power level it is cast at.

Specific Value: This spell may be cast at targets that are up to this value away.

∞: This spell has no range limit.

N/A: Range has no meaning for this spell. First Level Sorcerer Spells										BASE
