Overview

GTI WordGrid is a windows word puzzle game. To solve the puzzle you have to find all of the words, in a word list that you entered. These words are hidden inside a grid of random letters. Depending on the level you choose to play **GTI WordGrid**, these words may be in a straight line across, down, diagonal and/or reversed.

You can either solve the puzzle interactively on screen, or if you wish you can send the puzzle to your printer and play it using pen and paper. You can even send your puzzle to a file so that you can format the puzzle exactly the way you want it.

GTI WordGrid V2.1 will run under Windows 3.X and Windows95. It has no specific hardware requirements, but a sound card is recommended.

The registered version of **GTI WordGrid** costs £10 (sterling) or \$20 (US). When you register **GTI WordGrid** you will also receive a *free* copy of Videorama . The screen saver which turns your .avi files into a fully animated unique screen savers.

Note The shareware version of **GTI WordGrid** will expire after 30 days.
