SmartBarXP was designed and coded by Richard Felton - Smartsoft Design**

By using this software you indicate your acceptance of the following license agreement and warranty.

This software is provided as is, without warranty of any kind. The publisher disclaims all warranties, either express or implied, with regard to the software product. The publisher shall not be liable for any damages whatsoever, including, but not limited to, damages for loss of business profits, business interruption, loss of business information, or loss of personal information.

This software is FREEWARE.

There are no limitations as to the number of copies of the software that you may store or use.

You are free to distribute this software, however it must remain unchanged. You must NOT add, remove or edit any or all of the files within the original distributed package with the intention of then distributing the modification.

You may NOT edit the SmartBar XP.exe executable under any circumstances. You may not disassemble, reverse engineer or decompile this software.

You may NOT edit the documentation that accompanies this software under any circumstances.

You may NOT sell any or all of this software.
