

MANAGE Your Videos ! 95

Welcome to MANAGE Your Videos! 95. This document will provide a brief program description, system requirements, installation, instructions, registration information, author contact information and product history.

Program Description

Powerful feature packed easy-to use program to organize and manage a movie library of any size. The program automatically indexes each entry by Title, Star, Co-Star, Director, TapeNo, and Category. Also one of the few programs that can print multiple movie titles on a single VCR label.

The program fields include, Title, Star, Co-Star, Cast, Category, Director, Rating, Color, Publisher, Year, Critics, Note1, Note2, Tape#, Position, Start Counter, Stop Counter, Tape Speed, Loaned, Borrower, Due Date and a 64k note field.

Browse Window

Click one of the six browse window tabs to display the data in a different sort order. VCR controls allow quick navigation through the database. Letter locators A - Z allow you to quickly move through the browse window based on the index tab currently selected.

Query Wizard

The query wizard allows you to quickly create and save your own queries in plain English.

The Query Wizard interface is very easy-to-use and guides you through building the query step-by-step.

Use the queries to view the data in the browse window or to print a report. Just print or view the item or items desired.

Can save, recall and modify previously saved queries.

Find Button

Allows you to search for a text string in all fields except the 64k note field. Returns and displays only those movies that have the search string.

Reports

Includes eighteen different reports and a full featured print preview.

Tape Labels

Supports VHS Spine and Top Labels for continuous form and sheet type labels for both dot-matrix and laser/ink-jet type printers. The program will print up to four titles on each spine label and up to six labels on the VCR Top Label. This is one of the few programs that can print more than one title on each label.

Systems Requirements

* Microsoft Windows 95

* 2 Meg hard disk space

Installation Instructions

Windows 95 Installation and Start-up
