Library_Search

1.1   New entries of Libraries

47 new entries since last release 17 - V1475:

```
* 020-8-1x1.library              8372                    1.0  (18.04.96)
-----------------------------------------------------------------------
* 020-8-1x2.library              8372                    1.0  (18.04.96)
-----------------------------------------------------------------------
* 020-18-1.5x1.library           3096                    1.0  (18.04.97)
-----------------------------------------------------------------------
* 020-18-1.5x2.library           3084                    1.0  (18.04.97)
-----------------------------------------------------------------------
* 020-18-3x1.library             3084                    1.0  (18.04.97)
-----------------------------------------------------------------------
* 020-18-3x2.library             3080                    1.0  (18.04.97)
-----------------------------------------------------------------------
* 68040_dummy.library             372                  101.1  (13.10.94)
-----------------------------------------------------------------------
* ae_angle.library              10244                    1.0  (24.03.97)
-----------------------------------------------------------------------
* ae_curve.library               9980                    1.0  (05.04.97)
-----------------------------------------------------------------------
* ae_display.library            14960                    1.0  (02.07.97)
-----------------------------------------------------------------------
* ae_palette.library             8232                    1.0  (05.04.97)
-----------------------------------------------------------------------
* ae_plugin.library             23092                    1.0  (02.05.97)
-----------------------------------------------------------------------
* ae_pluginpreview.library       9152                    1.0  (17.04.97)
-----------------------------------------------------------------------
* ae_toolbutton.library          4000                    1.0  (21.02.97)
-----------------------------------------------------------------------
* assassin.library               3396                    1.0  (09.12.94)
-----------------------------------------------------------------------
* c+b-8-1x1.library              9012                    1.1  (07.06.97)
-----------------------------------------------------------------------
* c+b-8-1x2.library              9012                    1.1  (07.06.97)
-----------------------------------------------------------------------
* c+b-12-1.5x2.library           3264                    1.0  (02.02.97)
-----------------------------------------------------------------------
```

```
* c+b-12-3x1.library              3264              1.0   (02.02.97)
---------------------------------------------------------------------
* c+b-12-3x2.library              3260              1.0   (02.02.97)
---------------------------------------------------------------------
* c+b-18-1.5x1.library            3880              1.0   (02.02.97)
---------------------------------------------------------------------
* c+b-18-1.5x2.library            3876              1.0   (02.02.97)
---------------------------------------------------------------------
* c+b-18-3x2.library              3876              1.0   (02.02.97)
---------------------------------------------------------------------
* c8-1x1.library                  8364              1.0   (18.04.96)
---------------------------------------------------------------------
* c8-1x2.library                  8364              1.0   (18.04.96)
---------------------------------------------------------------------
* cb8-1x1.library                 9008              1.0   (02.02.96)
---------------------------------------------------------------------
* cb8-1x2.library                 9008              1.0   (02.02.96)
---------------------------------------------------------------------
* compress.library                1884              1.0   (??.??.91)
---------------------------------------------------------------------
* demo.library                    1376             33.10  (30.07.96)
---------------------------------------------------------------------
* exsys.library                   1128              1.01  (29.01.95)
---------------------------------------------------------------------
* fortunates.library              2976              1.4   (08.06.97)
---------------------------------------------------------------------
* pcx.library                     6924              1.0   (28.11.96)
---------------------------------------------------------------------
* tolleuhr.library.060           15100              1.7   (05.07.97)
---------------------------------------------------------------------
* virtualmem.library              5000              1.2   (07.08.97)
---------------------------------------------------------------------
* vrd.library                    47696              0.0   (??.??.??)
---------------------------------------------------------------------
* xfa.library.060                28876              1.18  (04.06.97)
---------------------------------------------------------------------
* x-dve.library.020              44732              3.11  (23.09.96)
---------------------------------------------------------------------
* x-dve.library.030              41284              3.11  (23.09.96)
---------------------------------------------------------------------
* x-dve.library.040              42152              3.11  (23.09.96)
---------------------------------------------------------------------
* x-dve.library.060              41412              3.11  (23.09.96)
---------------------------------------------------------------------
* egsalphablit.library           26304              7.400
---------------------------------------------------------------------
* gbcolorpot.library              2372              7.400
---------------------------------------------------------------------
* gbmultipanel.library            3188              7.400
---------------------------------------------------------------------
* gbmultiscrollbox.library       14392              7.400
---------------------------------------------------------------------
* gbtextedit.library             18188              7.400
---------------------------------------------------------------------
* gbview.library                 13900              7.400
---------------------------------------------------------------------
* xpkCAST.library                    0
