1.3 EMC CDs... Special Features

```
ALL EMC'S CDS HAVE THE FOLLOWING FEATURES...

1.      Superb organisation.

2.      No duplication of the same data on the same CDs.

3.      No duplication of the same data across different CDs.

4.      Award winning quality software.

5.      Developed and designed to meet exacting standards and not a budget.

6.      Developed for quality and not for a quick profit.

7.      From a company that places a VERY high priority on the quality of
        it's products.
```

8.   Optimised data organisation with the emphasis placed on ease of use.

9.   Produced by a company with a long track record for quality products.

10.   No DMS archives to pad out the CD.

11.   No LHA archives to pad out the CD.

12.   No files in weird alien formats that you can't access or use.

13.   Files that have upper/lower case names with more than 8 characters.

14.   Full font installation instructions.

15.   Font preview for EVERY font.

16.   All CG Fonts with .atc files and postscript downloadable fonts.

17.   All Type 1 fonts with .AFM and .PFB font files.

18.   Option to buy a full typeface book containing font examples.

19.   High quality images that are fully sorted with thumbnail indexed IFF
        previews.

20.   High quality clipart that has been cropped/scaled and checked.

21.   High quality clipart that has been logically sorted into sub
        directories.
        The Phase 1 CD, for example, has 114 different Animal directories.

22.   High quality clipart images that have descriptive filenames.

23.   High quality clipart that is fully thumbnail indexed.

24.   IFF conversions of all EPS clipart.

25.   IFF conversions of all GEM clipart.

26.   IFF conversions of all IMG clipart.

27.   No corrupt files.

                    CONTENTS OF THE EMC PHASE 1 CD

FONTS        ALL the fonts on this CD have IFF preview screens, so you simply
             have to double click on the preview screen (or access it from a
             directory utility like Directory Opus) to "see" the font!
             This basically means that you DO NOT have to install a particular
             font into an application just to see what it looks like.

The Phase 1 CD contains the following fonts...

Type1        Adobe Type 1 fonts from EMC volumes 4, 5, 6, 7 & 16.

CG           Compugraphic Scalable fonts from EMC volumes 8, 9, 10, 23 & 24.

PDraw        Professional Draw fonts from EMC volumes 18, 19 & 20.

Clipfonts    52 Full colour High resolution Clipfonts.
```

```
CLIPART      ALL clipart on this CD is FULLY sorted. This means that for
             example all the pieces of different "Animals" clipart are not
             simply thrown into a directory called "Animals". In the clipart
             contents listing you will notice that there is a number (enclosed
             in brackets), this tells you the number of sub directories inside
             the main directory.

             Furthermore, EVERY sub directory also contains an IFF thumbnail
             index screen. So if for example you wanted some "Frog" clipart,
             you would go into the "Animals" directory, then into the
```

> "Reptiles" directory, where you would be presented with
> directories for Toads, Snakes, Crocodiles etc, and obviously
> Frogs. Inside the "Frogs" directory you would find all the "Frog"
> clipart and an Thumbnail Index screen that shows you all the
> "Frog" clipart in that directory!

The Phase 1 CD contains clipart on the following subjects...

IFF   Animals(114), Fantasy(27), Music(12), People(73), Religion(12)

IFF COL   Birds, Cars, Cats, Dinosaurs, Dogs, Fish, Horses, LionKing,
             Music, Planes & Reptiles.

EPS   Animals, Buildings, Computers, Food, Logos, Office, People,
             Transport, USA & World.
             (This directory also includes high resolution IFF conversions of
             all the EPS format clipart)

IMAGES   in IFF 16/256 and Ham interlace

Animals, Balloons, Blake7, Cars, Conan, Dragon Lance, Fantasy, Horses,

1.5   EMC Phase1 CD Magazine reviews

                 EMC's Phase 1 CD... What the Magazines said

Amiga Computing --

    "The Phase 1 CD is a joy to use"

"This is an excellent CD. Not only is it full to the brim with quality
fonts and clipart but it is superbly organised."

"At the end of the day this CD is virtually impossible to find fault
with, if you need clipart, fonts or images you need this CD."

Overall Rating 9/10 Issue 93, December '95, p37

Amiga User International ---

"This is a DTP and DTV disc, or Desktop Publishing and Desktop Video to
the un-initiated. EMC, famous for their font collections on floppy disk,
have added this CD to their range that should be considered "essential
for your CD-ROM library"

Rating 94% December '95, p36

Amiga Shopper --

"Phase 1 is a professionally compiled CD."

"This CD is ideal for DTP/DTV users."

"This is a very useful CD."

"We've seen others like it before, but few have been as well polished and
presented!"

Rated 90% and received the Amiga Shopper "Star Buy" award... Xmas '95, p48

Amiga Format ---

"This is a dream CD for DTP fans."

"This is a damned fine CD and a must for DTP/DTV enthusiasts"

Rated 90% and received the Amiga Format "GOLD" award Issue 79, Xmas '95, p106

DTP expert Larry Hickmott's EM magazine --

"My personal opinion is that the CD is well worth the asking price and
considering the alternative shovelware CDs available...it's a real
bargain!"

"If you are remotely interested in either Desktop Publishing of Desktop
Video, this CD should be thought of as an invaluable addition to your
CD-Rom collection"

"If you only ever buy one Amiga fonts and clipart CD, E.M.C's Phase 1 is

the one to go for!"

   "Quite simply, this is one of the best CDs you can get when it comes to
   fonts and clipart!"

EM magazine don't rate products

EM's review also stated that they have never reviewed a CD before, basically
because they have never found a CD worth reviewing!

1.6 EMC Phase1 CD Customer feedback

                    EMC's Phase 1 CD's customer feedback

Carl Gamble and the guys from Optonica Ltd.   Rated the Phase 1 CD at 93%

   "The ONLY criticism that we could come up with was that the images do
    not have 24 bit versions included."

G.W. Thompson from Tyne & Wear   Rated the Phase 1 CD at 92.5%

   "The organisation and layout of directories, along with the illustrated
    index for each font or illustration could not be bettered, and serves
    as an example for other companies to follow."

   "As for any suggestions for future releases, all I can say is more of
    the same please!"

S. Fredericks from Essex   Rated the Phase 1 CD at 100%

   "Great CD, can't wait to receive the others. It's guys like you that
    make owning an Amiga worthwhile!"

Craig Stevens from Sterlingshire   Rated the Phase 1 CD at 97.5%

   "I have a great number of Amiga CDs and to be truthful your Phase 1 CD
    is easily the best! I sincerely hope that the other CD producers and
    developers out there will sit up, take notice and hopefully start
    producing CDs that can match the quality that Phase 1 has achieved.
    Well done EMC! Keep up the good work! The only reason that I have not

----

given the Phase 1 CD full marks is because mine arrived with a broken
case!"

Paul Andrews from Lancashire   Rated the Phase 1 CD at 92.5%

   "Phase 1 is absolutely superb, please put my name down for Phase2, 3,
   4, 5, 6, 7, 8, 9... I have been a customer of yours for quite a while
   now and your software has consistently been of excellent quality.
   The Phase 1 CD is literally the "icing on the cake"

Alan Myers from Bedfordshire   Rated the Phase 1 CD at 95%

   "After spending much time delving into the inner workings and contents
   of EMC Phase1 I have come to the conclusion that you have produced an
   excellent CD, one which I honestly cannot fault. The reason that I
   haven't given EMC Phase 1 full marks is because I am leaving a little
   room to manoeuvre when judging/ grading EMC's Phase 2's registration
   card."

1.8 EMC Phase2 CD Magazine reviews

                    EMC's Phase 2 CD... What the Magazines said

Amiga Computing --

    "Our collection of CDs has grown immensely over the past few months
     and the best so far has been Phase 2 by E.M.Computergraphic!"

    "The CD's Index system is excellently implemented, making it nice and
     easy to use, and with a thumbnails file you can, again, view all the
     pictures from a directory in a second."

    "Phase 2 is one of the best complete packages I have seen for a long
     time"

    "It's the most user-friendly and efficient image/font package on the
     market!"

Overall Rating 9/10 Issue 94, January '96, p20

Amiga User International --

    "There's no rubbish here, it's all quality stuff!"

Rating 94% December '95, p36

Larry Hickmott - CU Amiga/Amiga Shopper's DTP expert ----------------------------

    "Phase 2 is another excellent CD from EMC that proves to be an
     excellent companion to their Phase 1 CD. EMC have a long standing and
     solid reputation for supplying high quality products and their Phase 2
     CD only goes to reinforce the reasons why they have gained this
     reputation and goes to prove that they can consistently create hig
     quality products."

    "Phase 2 doesn't exhibit any of the quality loss normally inherent with

follow up disks."

"This CD is definitely recommended if you have even a passing interest in
desktop publishing or desktop video. If you already have the Phase 1 CD
you shouldn't miss this one, if you don't have EMC Phase 1, I would
wholeheartedly recommend that you add the Phase 1 and 2 CDs to your
collection. For those of you that read the conclusion of a review before
the actual content"

"...add Phase 2 to your CD Rom collection now and roll on Phase 3...

Amiga Format --

          "Once again This is a great CD... Roll on Phase 3!"

Rated 90% and received the Amiga Format "GOLD" award Issue 82, March '96, p82

1.9 EMC Phase2 CD Customer feedback

                    EMC's Phase 2 CD's customer feedback

Eric Pickering from Corwen   Rated the Phase 2 CD at 90%

   "My many other CDs are now at the bottom of the shoe box!"

S Boothe from Hampshire   Rated the Phase 2 CD at 97.5%

   "Firstly, I would like to congratulate you on releasing Phase 2
   BEFORE your proposed launch day. We don't see many examples of
   this nowadays."

   "Secondly, I really thought that the quality of your Phase 1 CD was
   truly excellent and to be honest I really didn't think that the
   quality of Phase 2 would compare. All too often a company releases a
   product that is excellent only to follow with a product that is poor
   quality. Well done EMC!"

Peter Stockdale from Sunderland   Rated the Phase 2 CD at 94%

"I was initially very sceptical at your claims concerning the quality
 of your CDs but bought Phase 2 anyway. I couldn't have been happier
 with it. ABSOLUTELY BRILLIANT!"

Steven Banks from Dundee   Rated the Phase 2 CD at 98%

"I was totally gobsmacked at the quality of Phase 2, please accept my
 order for Phase 1 and 3."

      or multimedia work."

     "The CD is easy to navigate, not least because of the time that has
      been taken producing the thumbnail indexes for each and every
      directory, including the fonts, so you can browse through before
      deciding what you want to use."

     "It's an Amiga specific CD too, so all the files are in a format that

                        EMC's Phase 3 CD's customer feedback

David Duncan from Cheshire   Rated the Phase 3 CD at 100+%

    "Excellent quality, Excellent service... Keep it Up!"

S Hall from West Sussex   Rated the Phase 3 CD at 100%

    "The EMC Phase 1, 2 and 3 CDs are excellent, far superior to all the
     many CDRoms I have bought for my Amiga previously."

S. Fredricks from Essex   Rated the Phase 3 CD at 100+%

    "I haven't changed my mind from EMC's Phase 1. I think that all three
     CDs are tops and so easy to use. Enough data to keep me going for a
     long while!"

J D Heywood from Portsmouth   Rated the Phase 3 CD at 93.5%

    "I have an interest in DTP and no other CDs I have bought are so good!"

CONTENTS OF THE EMC PHASE 4 CD

---- Desktop Video Dreams ----

EMC Phase4 is a dedicated Desktop Video CD, aimed directly at Amiga users who
use their Amigas for any type of video, presentation or graphics work.

EMC Phase4 is a totally unique and professional CD Rom containing a high
proportion of copyrighted and exclusive "never seen before" material.

The EMC Phase4 CD contains...

1. Since bitmap fonts are faster to load, access and use in most video
    applications (Scala themselves supply bitmaps!) we are including a large
    number of bitmap fonts, with IFF previews in 20 sizes between 18 point
    and 168 point.

2. Fountain/Intellifont ready Compugraphic scalable fonts with IFF previews
    and automatic install scripts. No more messing about trying to install
    fonts, just click on an icon and the Compugraphic fonts will be installed
    into your system ready for use!

3. Music modules. We have used ScalaMM for years to produce corporate
    presentations for companies like the YMCA and Powersport International.
    As a direct result of this, and to satisfy our own needs, we spent many
     hours finding the best modules out of the hundreds of bad ones. For the
    first time, you will have access to music modules that you can be
    confident in using in your presentations.

4. Sound samples. phase 4 contains hundreds of high quality sound samples
    that have been fully sorted into categories and are ideal for use as
    "spot effects".

5. Well over 300 megabytes of "never seen before" professionally designed

    video overscan, that will also be supplied in 800x600 24bit jpeg,
    PAL 768x576 and NTSC 768x480 256 colour IFF formats.

7. A selection of useful Image backgrounds, again in full video overscan,
    that can be used for a wide variety of presentation work. Again all
    supplied in 800x600 24bit jpeg, PAL 768x576 and NTSC 768x480 256 colour
    IFF formats.

8. Program Demos. A custom created 38mb demo of the new Imagevision from
    ImageLab Technologies, a 20mb Demo of Optonica's Multimedia Experience
    and a DeluxePaint 5 demo from Electronic Arts.

9. Countdown timer animations, testcards, multimedia buttons, on screen
    timers, over 20 video utilities and a whole host of other stuff!

1.14   EMC Phase4 CD Magaine reviews

Amiga Shopper --

   "The quality of the background images, which fill the greater part of
    the disc, is very high indeed."

   "Another slickly presented disc which should find a place in the
    collections of those dabbling in Multimedia or video."

Rated 91% and received the Amiga Shopper "STAR BUY" Issue 63, June '96, p44

Amiga User International ---

   "The team at EMC have put together another superb disc for the
    videographer and multimedia producer!."

   "The backdrops are simply stunning, both for choice of subject and
    quality of the material used."

   "Spectacular is the only word I can find to describe these backdrops!"

Overall Rating 97%, June '96

Amiga Format --

      "This really is a fine collection of excellent material that has been
       well organised and professionally presented."

      "If you are remotely interested in DTV then you must buy this CD –
       IMMEDIATELY!"

1.15   EMC Phase4 CD Customer feedback

                        EMC's Phase 4 – Desktop Video Dreams

                              Customer feedback

Here are just a few examples of the customer feedback that we have received
concerning our Phase4 CD...

Alan Parker from Bedford   Rated the Phase 4 CD at 96%

    "You have really out done yourselves with this CD!"

    "The Spheres series of custom backgrouds are totally amazing, and I can
     see me using these all the time"

Steve Mooney from Bristol   Rated the Phase 4 CD at 98%

    "WOW! what a truly excellent CD!"

    "I have a vast collection of both PC and Amiga CD rom disks and NONE of
     them even come close to the quality of your Phase4 CD!"

Mike Richards from Newton Aycliffe   Rated the Phase 4 CD at 98%

    "Phase4 literally blows away any of the so called competition"

    "You guys at EMC deserve a big pat on the back for producing such a high
     quality CD"

    "I use ScalaMM on a daily basis and the same will now be said about your
     Phase 4 – desktop Video Dreams CD"

Andrew Leighton from Doncaster   Rated the Phase 4 CD at 95%

    "Desktop Video Dreams is a very clever title for your Phase 4 CD...
     When it comes to DESKTOP VIDEO this CD represents the quality that
     other CD producers can only DREAM about!"

John Adams from Cardiff   Rated the Phase 4 CD at 97%

    "Exceptional CD that lives up to (and surpasses) your claims!"

    "I honestly cannot find anything on Phase4 to criticise"

Keith Waterhouse from Great Yarmouth   Rated the Phase 4 CD at 96%

    "STUNNING, BRILLIANT and totally AWESOME!

    "This is how all CDs should be made!"

    "All too often companies make big claims about their products and the end
     result is very, very disappointing. In the case of your Phase4 CD, your
     claims were big and the end result was even better!"

               What the magazines said about Index.

              Customer Feedback
               What our customers said about index.

-------------------------------------------------------------------------

              EMC's INDEX CD... What is it?

The scenario...

You've got loads of clipart and Image CDs that are probably badly organised!

The problem...

You have access to hundreds of megabytes of clipart and images but, the only
way of finding out what you've got on your CDs is to load each individual
image into an application before you can see it!

You may also need convert each image before you can even load it into your
application!

The solution...

E.M.Computergraphic's INDEX CD. This CD contains IFF thumnail index screens
(just like EMC's Phase 1, 2 & 3 CDs) of the graphic data contained on over 30
of the most popular (not necessarily the best) CDs currently available.

CDs covered...

Pro (hahaha) Fonts & Clipart, Graphic & Adult Sensations, World of Clipart,
ProPics, Pandora, RHS Color Kollection, Aminet 3-7, Multimedia Toolkit1,
Clipart Heaven, Fresh Arte, Mother of all Clipart, PCX Potpourri, Publique
Art, SoMuchScreenware, SciFi & Fantasy, Gifs Galore, Clipart Goliath,
Clipart Warehouse, GifGalaxy and Almathera's CDPD3, Demo, Demo2, 10 on10 &
DTV CDs.
```

Usage...

If you are looking for a particular graphic, just load INDEX into your CD
drive and quickly scan through the thumbnail index screens via either WB or
a directory utility. Once you have located the graphic you require, remove
INDEX, and load the relevant CD into you CD drive (provided of course that
you actually have the CD the graphic is on!)... What could be simpler?

This CD offers you organisation and rapid access to the graphic data on your
CDs.

Even if you don't have all of these CDs, you can use EMC's INDEX to "see" the
contents of a particular CD before you part with your money and buy it!

1.18   EMC Index CD Magaine reviews

                 EMC's Index CD... What the Magazines said

Amiga Format --

     "Makes life a great deal easier and all at a very reasonable price"

     "If you are a professional or constant users of image banks and
      clipart, then this CD will be a great boon."

     "It's a damn shame that we need Cds like this in the first place."

     "CD producers should take a leaf out of EMC's book and realise that
      their products should be as accessible as possible."

Rated 80% Issue 87, August '96, p61

CU Amiga --

     "Ploughing through a CD of pictures with no index can be so much hassle
      that the offending disc is often banished to the bottom drawer and
      never used. In these cases EMC Index will breathe new life into those
      old CDs. You'll probably find plenty of gems that you never knew were
      there!"

     "If you have more than a couple of the CDs featured on this disc then

```
    it's certainly worth the cash!"

    "It's a great idea that works very well!"

Rated 80% August '96, p71

Amiga User International ------------------------------------------------------

    "As with all EMC's discs for the Amiga artist in desktop publishing,
     video and graphics, this is another that I can recommend for adding to
     your collection"

    "EMC Index is an outstanding graphics reference disc that will save you
     hours of fruitless searching for that elusive image"

                              The Typeface Book
```

It is a hard backed A5 ringbound binder containing approx. 100 pages. These
100 pages contain examples, in alphabetical order, of every font (apart from
IFF and clipfonts) on the EMC Phase1, 2 & 3 CDs along with full details of
the format that each font is available in and details of where the fonts are
located on each CD.

emc.INFO is initially supplied 1/3 full. The reason for this is so the binder
will also accommodate future update pages for the forthcoming EMC CD releases
as and when they become available. At the end of the day, purchasers of of
emc.INFO will have one book containing the complete information set on all of
the EMC CDs.

```
