How to pay for Escape Velocity and get in touch with Ambrosia

Shareware?

Escape Velocity is distributed as shareware. You are permitted to use it on a trial basis for up to 30 days. If you wish to continue using Escape Velocity beyond that period, you are expected to pay a registration fee to obtain a license to use Escape Velocity.

After we have processed your registration, we will send you a license code that you enter to complete the registration process. This removes the shareware notices and personalizes your copy of Escape Velocity.

Escape Velocity has a \$20.00 registration fee.

We don't cripple our products. We don't gouge you with absurd prices. We don't fool you into buying our software with slick advertising.

What we ask is this: if you like our products, support us by paying for them. If you don't like our products, don't use them (or better yet, tell us why you don't like them, so we can improve them).

Why should I register (pay for) Escape Velocity?

We're attempting to offer high quality products at a low price on a "try before you buy basis." Supporting us by registering Escape Velocity — assuming you like it — is the only way you can ensure that we will continue to produce more high quality software distributed as shareware.

Beyond that, you will receive a license code that removes the shareware notices and personalizes Escape Velocity with your name, giving you a legal copy on your Macintosh.

Registering your copy of Escape Velocity

Ambrosia's Register Escape Velocity application allows you to easily register Escape Velocity using your choice of several different methods. Simply click on the Register... button that appears when you launch Escape Velocity. This will launch the Register Escape Velocity application. You can also double-click the Register Escape Velocity icon from the Finder.

Ambrosia Software accepts all major credit cards (Visa, Mastercard, Discover and American Express). A credit card can be used to register by WWW, eMail, fax, phone, or postal mail. You can also send a check or money order to the address that appears below. Ambrosia Software also accepts purchase orders if your organization requires them. All of these options are available in the Register Escape Velocity application.

The Register Escape Velocity application is used to register Escape Velocity and enter your license code. This application should not be thrown out or moved, even after you've registered,

in case you need to enter your code again.
