WinMan
Icon-Based Menuing System for Windows

Press Release
March 1, 1991
Plano, Texas

Computer Systems Integration Services announces the release of **WinMan**, a networkable front end for Windows. After significant development and testing, **WinMan** will begin shipping March 15, 1991. **WinMan** utilizes Windows 3.0 graphics capabilities to provide a colorful, icon-based menuing system for Windows.

WinMan provides the following features:

Centralized Initialization Files for ease of administration by Network Supervisors.

Multiple instances of WinMan customized for each user or user group can be installed in a single Network Directory.

Network independent design allowing the same version of **WinMan** to run Novell, 3Com, Lan Manager and Banyan.

Customizable Initialization File includes location of applications, user work directories and options

Login feature obtains user name and initials which can be used to identify the user to network applications such as Word Perfect.

Transaction Tracking Feature logs customer name, application, user name and time allowing customer billing based on usage.

Up to 64 Applications/Utilities can be installed into Application Menus

Group Menus allow up to 8 Application/Utility Menus

When an application icon is activated, **WinMan** will restore the active application or launch a new instance of that application

Master WinMan provides a graphical interface for **WinMan** installation and administration

WinBook is also included with **WinMan**. **WinBook** is the source that **Master Winman** uses to install application icons and information. In addition, **WinBook** can be used as an application for users to locate products available for Windows 3.0. It contains information about applications including Manufacturer, Retail Price and a short description of the product. **WinBook** will be updated on as needed basis and made available to registered users.

WinMan sells for $49 + $15 shipping and handling for a single user license; $10 for each workstation thereafter. To order or for more information, call CSIS at (214) 517-3637 or send check or money order including applicable sales tax to:
