Description:

CapClock 95 (tm) is a utility that displays information such as the time, date, resources, memory and free disk space. It also allows you to set alarms for Windows resources & memory & attach a sound file.

Instructions:

Once you have CapClock 96 (tm) up and running double click with the left mouse button on the clock icon on the botton of your screen to configure CapClock.

REGISTRATION:

Note: Make sure that your include the programs serial number found on the registration form.

You may register on Compuserve GO SWREG then select KEYWORDS and enter LIADIS or you may fill and mail in the registration form. Either way please include or (E-Mail) the SERIAL NUMBER that is in the upper right corner of the registration form we need this number to send you the CODE to Remove The Notice (NAG SCREEN).

For faster service please include a self address envelope with your order, if you are a member of CIS, or AOL please include your user ID.

Please do not unzip another copy of the program after you send us your registration number, the code only works with the original unzip file.

PLEASE MAKE A BACKUP COPY OF YOUR REGISTERED VERSION.

You also need Visual Basic Runtime 3.00 (VBRUN300.DLL) installed in your Windows System directory available on CIS, AOL and many BBS's.
