

## Welcome

Welcome to TurboZIP for Windows 95/98/NT

**TurboZIP –Archive, E-mail Management & Auto Backup!** In addition to performing basic zipping, unzipping, disk spanning, and E-Mail decoding functions, TurboZIP also provides automated backup, as well as multiple zipping and unzipping capabilities. It comes with built-in viewers that enable the users to manage, view, print, copy, search, launch, and virus scan files from within archives and encoded E-mails without unzipping or decoding. The unique Auto-scan and ZIP Set features make archive and E-mail management a snap.

This Evaluation Version of TurboZIP for Windows 95/98/NT works for thirty (30) days. It will no longer work afterwards. In order for you to maintain uninterrupted use of TurboZIP, you must purchase the full end user license. ## FAQ

### **What is the difference between TurboZIP and TurboZIP Express?**

TurboZIP is the Total Archive Management and Auto Backup software. Aside from performing basic Zipping and Unzipping, it provides the unique ZIP Sets for securely organizing archive files the way you want it. TurboZIP also supports Command Line and Auto Backup script operations for unattended backup operations in the industry standard ZIP format. It supports almost all popular archive and e-mail formats. TurboZIP comes with over 100 viewers for internal viewing of files inside ZIP.

TurboZIP Express is the easiest Zipping/Unzipping software. In most cases, a single click will get the job done quickly. It is also one of the most customizable archiver on the market today. TurboZIP Express provides convenient file spanning capability, which allows you to compress large files to units of any maximum file size, onto removable media or onto HD, of your choice for easy distribution. It opens and creates ZIP and CAB files, as well as opens Self-extracting EXE files.
