

Registering via the World Wide Web is perhaps the easiest and fastest

way to register our products. If you are using Internet Config, simply

click on the URL in blue below, and you'll instantly be transported to

our website. If you are not using Internet Config, it's still easy. Launch

your web browser of choice, and type in the URL you see below. Either

way, once at our site, just follow the links to our registration page.

The Divinity Software website is located at:
