

## Settings of SCSI Scanner Interface Card

1. The scanner interface card needs an I/O port address selection which is set to either 0280, 0290, 0300, 0310, 0330, 0340, 0348 or 0350.  
( default is 0280 )

**280 ~ 28F** .

**330 ~ 33F**

**290 ~ 29F** .

**340 ~ 34F**

**300 ~ 30F** .

**348 ~ 357**

**310 ~ 31F** .

**350 ~ 35F**

2. If you have any other device(s) in your computer which is using an I/O port, please check the used I/O port address(es) and set the scanner interface card to a free I/O port.
