How To Register

You can register Dialog View or OtherMenu by three methods: Pay me directly using the "Direct Registration" chapter, pay indirectly through the Kagi Shareware system, using the Register application, or pay on CompuServe.   The Kagi option allows more ways to pay, such as by credit card.   On the other hand, if you order directly you can order the latest versions on disk.   If you do order a disk, tell me what version you have, and what you want me to do if there is no newer version.

o pay using the Register program, launch the program and fill out the form. If you choose to pay by credit card, you can copy the form to the clipboard and send it by e-mail to shareware@kagi.com.   If you prefer not to use e-mail, or to pay by cash or check, you can print the form and send it by snail mail to the Kagi address printed on the form.   Do NOT send such payments to me.

CompuServe users can register online.   GO SWREG; the product ID for Dialog View is 2827.
