

Welcome to this one-level demo version of *Pitfall: The Mayan Adventure* by Activision. Perform the following steps to start playing:

1) Make sure your system meets the following requirements:

- 100% Windows 95 compatible computer, video card and sound card
- 486/33 MHz
- VESA Local Bus or PCI Video
- 256-color SVGA (640x480)
- 8 MB RAM
- Windows 95 operating system
- Mouse
- 7 MB of free hard drive space
- RECOMMENDED: Gamepad

2) Create a PITFALL directory on your hard drive.

3) Copy the contents of the PITFALL directory on the demo CD into your new PITFALL directory on your hard drive. These files include:

- Init.ph
- Killpit.exe
- Level00.ph
- Level01.ph
- Level02.ph
- Level14.ph
- Level15.ph
- Level20.ph
- Level21.ph
- Pitfall.exe
- Pitfall0.fts
- Pitfall0.hlp
- Pitstart.exe
- Pitstart.wav
- Readme.wri
- Tech.wri
- Wail32.dll (this file is only viewable if the View option in the given window is set to SHOW ALL FILES)

4) Double-click on PITSTART.EXE to launch the game.

5) You may also play the demo directly from the CD by double-clicking on PITSTART.EXE located in the PITFALL directory on the demo CD.

Please use the Help feature contained in the game for instructions on how to play. Remember that this demo will time out after five minutes. You may then start a new game.

If you would like to purchase the full version of *Pitfall: The Mayan Adventure*, you may call the Activision product order line at 1-800-477-3650 or visit your nearest software retailer. Features of the full version include:

- 13 dynamic levels including waterfalls, abandoned mines, ancient ruins and mysterious temples!
- 4 bonus levels including the entire original Atari 2600 version of Pitfall!
- CD-quality soundtrack featuring over 50 minutes of original music!

Thank you for playing this demo version of *Pitfall: The Mayan Adventure*. On behalf of the production team... Have Fun!
